

[FOR BENEFITS BROKERS, CONSULTANTS & TPAS]

Independent pharmacy analysis for your self-funded clients.

StreamRX shows your clients where their drug spend has lower-cost options, in a plain-language, pharmacist-reviewed report. You stay the advisor of record. We do the data work.

\$20M+

typical annual prescription spend
for a 10,000-member plan

3–5%

typical savings range identified in a
first review

4–6 wks

typical time from kickoff to client
readout

Illustrative estimates based on typical commercial plan drug spend. Actual results depend on claims mix, PBM contract terms, and rebates.

WHAT THE ANALYSIS COVERS

- ✓ **Generic equivalents:** brand drugs with a lower-cost generic
- ✓ **Therapeutic alternatives:** clinically comparable, lower-cost options
- ✓ **Price benchmarks:** overpayment vs. actual drug cost
- ✓ **Prior authorization:** what needs a PBM conversation
- ✓ **Ranked next steps** with savings ranges for the plan's size

HOW IT WORKS

- 1 **You refer a client.** We talk with you first.
- 2 **Free preview.** No claims data needed.
- 3 **Analysis.** We sign a BAA and handle the PBM data request.
- 4 **Readout.** You lead; we co-present or stay behind the scenes.

WHY BROKERS & TPAS WORK WITH STREAMRX

No PBM compensation

Flat fee, never % of savings

Pharmacist-reviewed

BAA signed

We never go around you

40+ years in pharmacy

Optional ongoing monitoring

Refer a client or size the opportunity
